

SPONSOR A PLANTER DOWNTOWN ONTONAGON

In collaboration, The Village of Ontonagon, The Master Gardener's Group, and the RICC Group are offering the "Sponsor a Planter" program to beautify downtown Ontonagon.

There are 24 planters that are placed in downtown Ontonagon, and 4 planters placed in RICC Park. These colorful planters will beautify the downtown area and provide a welcoming atmosphere for all.

If anyone would like to sponsor a planter in honor of someone, a loved one, an upcoming graduate, a special occasion, etc. - that name can be placed in the planter per the sponsor's request.

If anyone who would like to sponsor a planter in honor of Jan Tucker, who has dedicated years of service to our community, please consider sponsoring a planter for Jan to celebrate her retirement. A card will be given to Jan to let her know those who have sponsored a planter to her, unless the sponsor wishes to remain anonymous.

The sponsorship fee is \$30 per planter. This will cover all associated planter costs. If fundraising is successful, any excess funds may be utilized to cover additional downtown areas.

The Master Gardener Group volunteers their time to gather all items, and prepare the planters, and keep a watchful eye on the planter during the summer months. The RICC Group will be planting and maintaining the planters located in RICC Park. With the community's generosity, we can make the downtown a summer of color for all to enjoy.

Please call the Village office with any questions or wishing to sponsor at 884-2305.

Thank you to our community!
